MEMORANDUM FOR : Chief, Contracts Division, OSA

SUBJECT : Results of Technical Review of  
Proposal from the Firewel Co. Title:  
"Scope Changes & Alterations, Contract-  
EC-8250" (OXC-6297 - Copy #2)

1. Per your request for subject review the following comments are submitted for your ready reference. The portions referred to in a. and b. below are underlined in subject proposal.

- a. Ref. page 56, "On-off Valve, Emergency Oxygen." This item is also included on page 58 under "Parachute Program."
- b. Ref. "Parachute Program," page 47, Schedule FF "Consultants." I am not aware of any consultant services in the parachute program.

2. A comparison was made between Amendment No. 10 to Contract EC-8250 dated 28 June 1963 and subject proposal. Comments are as follows. For your convenience the portions referred to in a. and b. below are underlined in both documents.

- a. Amendment No. 10, page 3, "Oxygen Control Panel" vs subject proposal, page 56, "On-off Panels" Clarification is needed of work performed during both time periods covered.
- b. Amendment No. 10, Section II A, sheet 6, "Altitude Chamber" [redacted] to 27 February 1963 vs subject proposal "Contract Breakdown" Schedule A, page 6; "Altitude Chamber" cost is [redacted] dated 17 May 1962. What can we expect the costs in connection with the altitude chamber to be in the future?
